

Barbara Minor
Zoom Workshop Description

January 20 and 27 - 12:30-3:00pm ET
January 23 and 30 - 12:30-3:00pm ET

Enameling Essentials

Abbreviated Supplies and Tools List

- Opaque and/or transparent enamels (brand of your choice)
- Klyr fire and brush
- Scalex and brush
- Magazine paper (disposable work surface)
- Kiln
- Firing rack – 6" x 6" or size that fits your kiln
- Trivet – 3 point
- Firing fork
- Individual Sifters
- Graded Sifters
- Metal to enamel on – copper or fine silver
- 1" wide flat watercolor brush
- Glass brush
- Diamond abrasive pad – med-coarse to coarse / or alundum stone

* Barbara will provide a detailed materials / tools list 2-4 weeks prior to the beginning of class.

** It is not imperative that you have all of these materials and supplies to benefit from this class. This class is designed to inform both the beginning individual as well as those who have been enameling for a while and to answer questions you may have. There will be demonstrations focused on basic processes, the necessary materials or tools, what they are for and how to use them. Those who are able will certainly be able to practice what is demonstrated between classes in their own studios.
