

# Pocosin Arts School of Fine Craft

## Materials and Equipment

Instructor Name: Anna Robinson

Please consider carefully all the tools and materials you will need to successfully complete your workshop. Provide as much detail as possible (see example.) Please email [zoom@pocosinarts.org](mailto:zoom@pocosinarts.org) with any questions.

Specify Quantity per Student	Item/Tool/ Material	Supplier/ Website/ & Item Number	Select One of the Following:	
			Instructor will send in kit	Student will order
1	Glue stick	Any glue stick will do. It's for sticking the ends of the paper together.  Example: <a href="https://www.dickblick.com/products/elmers-all-purpose-glue/">https://www.dickblick.com/products/elmers-all-purpose-glue/</a>		X
1 each	Curved upholstery needle and straight large-eyed needle	You'll need a curved needle and a straight needle that can accommodate the size of thread you get. These are often available in a kit with multiple needle types.  Example: <a href="https://tandyleather.com/products/all-purpose-needle-pack?_pos=3&amp;_sid=9e39601a1&amp;_ss=r">https://tandyleather.com/products/all-purpose-needle-pack?_pos=3&amp;_sid=9e39601a1&amp;_ss=r</a>		X
1	Spool of waxed cotton thread	0.6mm or 0.8mm waxed thread. Can be cotton, polyester, or linen. I have some intended for bookbinding and some for leather. What matters is that it's strong and there's a bit of grip to it. Polyester: <a href="https://tandyleather.com/products/ritza-tiger-thread-100-meter-spool?variant=34061411451011">https://tandyleather.com/products/ritza-tiger-thread-100-meter-spool?variant=34061411451011</a>		X

		<p>Linen:  <a href="https://www.leevalley.com/en-ca/shop/tools/supplies/project-materials/76636-waxed-linen-thread-for-leatherworking">https://www.leevalley.com/en-ca/shop/tools/supplies/project-materials/76636-waxed-linen-thread-for-leatherworking</a></p>		
1	Rubber work gloves or rubber/leather thimbles	<p>I have a pair of these gloves and like them, but rubber or silicone finger tips would probably work as well (and you wouldn't have to wear a whole glove!). They're to lessen the effort it takes to grip the needle and ease hand fatigue.</p> <p>Gloves:  <a href="https://www.homedepot.com/p/GORILLA-GRIP-Small-TRAX-Extreme-Grip-Work-Gloves-25485-054/314416479">https://www.homedepot.com/p/GORILLA-GRIP-Small-TRAX-Extreme-Grip-Work-Gloves-25485-054/314416479</a></p> <p>Thimbles:  <a href="https://www.etsy.com/listing/498011877/little-house-japanese-silicone-rubber">https://www.etsy.com/listing/498011877/little-house-japanese-silicone-rubber</a></p>		X
1	Small jar or juice glass to use as a form.			X
1	Masking tape	<p>Non-specific. It's to hold your piece in place on the form.</p> <p><a href="https://www.homedepot.com/p/3M-ScotchBlue-0-94-in-x-60-yds-Original-Multi-Surface-Painter-s-Tape-2090-24EC/100085823">https://www.homedepot.com/p/3M-ScotchBlue-0-94-in-x-60-yds-Original-Multi-Surface-Painter-s-Tape-2090-24EC/100085823</a></p>		X
2	Brown paper grocery bags	<p>We'll talk about making cord out of all kinds of paper, but I want to start you all off on the same page: grocery bags. If they're not readily available in your house, don't worry! Bring something similar!</p>		X
